Signifying NEXA's endeavour to create the cars of tomorrow, the All-New XL6 features NEXA's Crafted Futurism Design Language. A work of art inspired by the future, the design language is exclusively crafted to match the refined taste of the NEXA customers. The design philosophy manifests itself across three pillars:

• NEXpression

A powerful expression that resonates in overall design. The All-New XL6 features signature design elements like the new bold Front Grille with Sweeping X-Bar Element, Quad Chamber LED Headlamps and an optional Dual-Tone body for a strong aesthetic appeal. The powerful stance is amplified by the strong shoulder lines that blend seamlessly into the Smoke Grey LED Tail lamps while the large Dual-Tone Machined-Finish R16 Alloys lend stability. All of these come together to ensure that the All-New XL6 is a head turner.

• NEXtech

Now indulge yourself with a car that is ready to go even before you get inside. The All-New XL6 comes with in-built Suzuki Connect that allows you to remotely turn on the air conditioning. With a host of comfort enhancing features such as the Ventilated Seats, 360 View Camera and the new SmartPlay Pro Infotainment System, the All-New XL6 caters to the modern buyer's every need and ensures every drive is cocooned in comfort.
